- Cord-free serving
- Auto shutoff with boil-dry protection
- Concealed heating element
- Easy-pour spout
- Water-level window

Dimensions (inches) 1.63 H x 8.19 W x 5.83 D

### DETAILS

The Hamilton Beach® Cool-Touch Kettle has a cool-wall exterior that's safe to touch. It has 1500 watts of power for fast boiling and it's easy to use. To boil water, simply fill the stainless steel, BPA-free interior with water and press down the power switch. The switch will light up to let you know that the power is on and boiling water is on its way. The Hamilton Beach Cool-Touch Kettle has a large 1.6 liter water capacity and it provides peace of mind because it also has automatic shutoff with boil-dry protection. Convenient cord-free serving lets you carry the kettle to the table or anywhere hot water is needed. The spout's mesh filter helps capture hard-water deposits and removes for easy cleaning. Under the base, the cord wrap makes storage easy and keeps your countertop neat because it adjusts to your ideal length.

#### Safe to touch cool-wall exterior

While the electric kettle's exterior stays cool to the touch for worry-free handling, the stainless steel interior provides durability, has water level marks for easy filling and is BPA-free.

#### Fast boiling with 1500 watts

Make yourself a hot cup without the long wait — perfect for hectic mornings or anytime you need to boil water quickly.

#### Peace of mind with automatic shutoff and boil-dry protection

The automatic shutoff feature with boil-dry protection keeps the kettle from scorching because the kettle will turn itself off right after water comes to a boil.

#### Convenient cord-free serving

Simply bring the cordless electric kettle from its base to the kitchen countertop or breakfast table for easy serving and refilling.

### **Removable mesh filter**

The mesh filter fits inside the spout to help capture hard-water deposits and can be easily removed for cleaning.

Heat water faster than in a microwave and safer than on a stovetop with just a push of a button. The Hamilton Beach Cordless Kettle's powerful, 1500 watt rapid-boil system provides heat quickly, so you'll have boiling water ready in minutes. The automatic shutoff feature with boil dry protection keeps the kettle from scorching. Cord-free serving with an easy-pour spout makes serving simple and convenient. And with a 1.8 liter capacity, there's enough for the whole family.

### Speedy Results Meets Peace of Mind

The Hamilton Beach Cordless Kettle can boil up to 1.8 liters of water quicker than a microwave can do the job. Built-in safety features like automatic shutoff and boil-dry protection make it safer than boiling a kettle on the stovetop.

### Simple to Operate

Just fill the kettle, flip the on/off switch to the down position and your water will be ready in minutes. The on/off switch will flip up once ready.

### **Cord-Free Serving**

The kettle easily and safely lifts off the heating base, making it perfect for placing on the table for gatherings, or sharing on busy weekday mornings.

### **Large Water Windows**

It's simple to fill the kettle with the exact amount of water you need, since measurement marks and dual water windows make the water level visible at a glance.

### **Easy Pouring**

Comfortable handles provide a slip-resistant grip, making it safer and easier when pouring a full kettle. A drip-free spout prevents further mess.
