Модель 70760. Кухонный комбайн компактного хранения из нержавеющей стали (черный).

FEATURES

- Prepare an endless variety of food fast
- Lid flips over for compact storage to save cabinet space
- Chop onions, mix sauces, grate cheese, shred cabbage, prepare pesto or slice salad ingredients in seconds
- Lets you process large batches, but just as easily, chop a few nuts
- Powerful 500 Watts
- Large feed tube fits a whole block of cheese
- Reversible slice/shred disc and chopping blade are included
- Easy-to-use speed switch
- Cord storage area
- Bowl, lid, chopping blade and reversible slice/shred disc are

dishwasher safe

- BPA-free in all food zones

Dimensions (inches): 14.64 H x 7.08 W x 9.45 D

DETAILS

Reduce prep time with powerful, easy-to-use food processor

Hamilton Beach Food Processors rely on robust motors to chop, slice, shred, mix and puree just about anything you put in the bowl. In-bowl blade storage and dishwasher-safe parts make these food processors easy to clean and store.

Hamilton Beach Food Processors are the ultimate kitchen appliances, whether you're cooking for two or prepping for a large family meal.

Модель 70450. Кухонный комбайн двухскоростной с импульсным режимом (белый).

FEATURES

- 2 blades: Chopping/Mixing blade & Reversible Slicing/Shredding Disc
- In-bowl blade storage
- Space-saving design
- 300 Watt motor
- Convenient On/Pulse dial
- Dishwasher safe
- TrueSharp™ blades

- BPA-free in all food zones

Dimensions (inches): 10.6 H x 13.4 W x 7.5 D

DETAILS

Whether you are cooking for two or prepping a family meal, the Hamilton Beach 8 Cup Food Processor makes it easy. This countertop time-saver is compact in size but big on features. A reversible disc and chopping blade let you prepare a wide variety of foods like hash browns, chopped nuts, coleslaw, salsa, or shredded cheese. Use the chopping/mixing blade to coarsely chop, finely mince, mix, or puree food to a smooth consistency. Slice, julienne, or shred with the reversible slicing/shredding disc. The clear food pusher has easy-to-read measurement marks for pouring liquids right through the chute. It's simple to operate; just rotate the knob conveniently located on top of the base and the processor will run continuously. For instant on/off control, use the Pulse setting. In-bowl blade storage keeps things tidy when not in use. All removable parts are dishwasher safe, so cleanup is easy. Use this food processor to spend less time in your kitchen and make preparing meals a breeze.

The kitchen helper you'll use for every meal

Mix up a quick pancake batter. Chop onions without the tears. Puree a creamy salad dressing. Slice cucumbers evenly for a perfect salad. Chill, then shred or grate your favorite cheese for a variety of dishes.

Many processing options

Between the S-blade and the reversible slicing/shredding disc, you have many choices available. Use the S-blade for chopping nuts, meat, garlic, onions, peppers, celery, herbs, bread (for crumbs), and crackers. Also, use it to mince/puree vegetables and fruits, to mix salad dressings, to puree soups or sauces, and to grate cheese. Use the slicing disc (slicing side facing UP) to slice cucumbers, apples, mushrooms, carrots, potatoes, cabbage, tomatoes, pepperoni, peppers, radishes, and firm cheeses. Use the shredding disc (shredding side facing UP) to shred cabbage, potatoes, carrots, and cheese.

Includes everything you need

This food processor comes with an 8 cup bowl, which can take care of most cooking needs. It also includes a reversible slice/shred disc and stainless-steel blade for chopping, mixing, and pureeing. In-bowl blade storage keeps things tidy when not in use. The clear food pusher has easy-to-read measurement marks for measuring and pouring liquids right through the chute, which is very convenient for making dressings and sauces.

Easy to use

The bowl and lid lock into place with a simple twist. Choose the blade or disc depending on what you are making. It's very simple to operate; just rotate the knob conveniently located on top of the base and the processor will run continuously. For instant on/off control, use the Pulse setting.

Модель 70580. Кухонный комбайн с сенсорным управлением с двумя чашами и системой подачи Big Mouth Duo Plus (черный).

FEATURES

- 12 & 4 cup bowls perfect for processing different amounts and nest for compact storage
- Big Mouth® feed tube fits whole foods to reduce the need to pre-cut food
- Slices, shreds, chops, purees & mixes
- Reversible slice / shred disk
- Chopping S-blade
- Easy-to-clean touchpad controls with OFF / LO / HI / PULSE
- Powerful 500 watt motor
- Dishwasher safe bowls, lid & blades
- BPA-free in all food zones

Dimensions (inches): 14.7 H x 7.5 W x 10 D

DETAILS

Slicing, shredding, chopping, mixing and pureeing fresh produce is easy if you have the right tool. The Big Mouth® Duo Plus Food Processor fits whole foods to save time and it comes with two bowl sizes for processing different amounts.

Модель 70670. Кухонный комбайн с лезвием для тонкой нарезки и измельчения марки ChefPrep (черный).

FEATURES

- Process more in less time
- Large 10 cup capacity
- 525 watts/2 speeds plus pulse control
- 4 versatile functions: slice, shred, crinkle cut & fine shred
- 3 blades:
 - Stainless steel slice/shred disc
 - Stainless steel crinkle/fine shred disc
 - Stainless steel chopping blade
- Large feed chute
- Dishwasher safe bowl, lid & blades
- Convenient cord storage
- BPA-free in all food zones

Dimensions (inches): 15.12 H x 7.84 W x 9.72 D

DETAILS

Quickly dice, slice, shred, crinkle or puree.

The Hamilton Beach® ChefPrep™ 525 Watt Food Processor is fast and easy to use. This versatile tool will make food prep a breeze.

Shred cheese for a casserole, slice apples for a pie or crinkle cut vegetables for a relish tray. It's all possible using the two reversible disks that give you the option of slice, shred, fine shred and crinkle cut. A blade to chop or mix is also included.

With a large, 10 cup capacity you'll be able to slice everything from peppers to cabbage without having to stop to empty the bowl. And since it's designed with a large feed chute, the ChefPrep® can easily fit a whole block of cheese or most foods without needing to cut them first.

Hamilton Beach™ Food Processors are the ultimate kitchen appliances, whether you're cooking for two or prepping for a large family meal. The dishwasher safe bowl, lid and blades make cleanup a snap. And, the cord wraps around the base for easy storage.

Simply, Make Your Own

Why buy store brands? It's easy to make your own dips, spreads and salsas when you have the right tools. Make homemade pimento cheese or hummus with fresh ingredients using the Hamilton Beach® ChefPrep™ Food Processor.

Safety First

The food pusher makes it easy to push cheese, fruits and vegetables through the large chute and into the processor blade.

Chopping and Mixing

The S blade is ideal for chopping nuts or mincing and pureeing vegetables and fruits.

Slicing and Shredding

A reversible slice/shred disc is great for slicing cucumbers, apples, mushrooms, carrots, potatoes, cabbage and firm cheeses. Use the shred side for shredding vegetables and cheese.

TIPS FROM OUR TEST KITCHEN

- Grated cheeses are popular in so many recipes, but shredding them can be cumbersome. For best results, we recommend selecting firm cheeses such as cheddar, Monterey jack or Swiss. Place cheese in freezer for 30 minutes before processing for the best results.

Модель 70550R. Кухонный комбайн с желобом непрерывной подачи марки PrepStar (белый).

FEATURES

- 8 cup bowl capacity
 - Continuous feed chute lets you slice or shred an unlimited amount of food into any container
 - Includes stainless steel chopping/mixing blade and reversible slicing/shredding disc
 - In-bowl storage means that all removable parts fit inside bowl for easy and safe storage
 - 2 speeds plus pulse for better processing control
 - 350 watts of power
 - Oil dispenser lets you add liquid ingredients while processing - great for salad dressing and sauces
 - Dishwasher safe bowl, lid and blades
- BPA-free in all food zones

Dimensions (inches): 12.4 H x 13.8 W x 10.4 D

Модель 70721. Кухонный комбайн с системой подачи Big Mouth из нержавеющей стали марки Stack & Snap (черный).

FEATURES

- Easy stack & snap assembly
- Unique, patent-pending design requires no difficult twisting & locking
- Simple function guide shows you which blade to use & which button to press
- Big Mouth® feed tube reduces pre-cutting
- Sealed bowl prevents leaks
- Powerful 450 watt motor
- Reversible slice/shred disk
- Chopping S-blade
- Dishwasher safe blades, bowl, and lid
- BPA-free in all food zones
- Cord storage

The easiest food processor assembly ever

Gone are the days of complicated positioning and twisting the bowl and lid into place. With the Hamilton Beach® Stack & Snap™ Food Processor, the bowl is specially designed to fit directly on the base (with no twisting required) and the lid snaps securely to the bowl with simple locking clips for safe operation. No more guessing whether it's put together correctly, just "stack" and "snap" the parts into place!

The kitchen helper you'll use for every meal

Mix up a quick pancake batter. Chop onions without the tears. Puree a bowl of nutritious soup. Slice cucumbers evenly for a perfect salad. Chill, then shred or grate your favorite cheese for a variety of dishes.

Large feed chute means less prep work

Are you still pre-cutting all your ingredients? If you're doing that, why bother with a food processor at all? The Hamilton Beach® Stack & Snap™ 10 Cup Food Processor accommodates both large and small ingredients, so you can spend less time pre-cutting your ingredients and more time enjoying them.

Unique bowl features

Many food processors come with a maximum liquid fill line, so if you are preparing soup you need to process multiple batches. The sealed bowl holds up to 10 cups of liquid, which reduces the need for multiple batches when processing soups or other liquids. A simple snap secures the lid on to the bowl, with no twisting and locking needed.

Includes everything you need

This powerful food processor comes with a 10 cup bowl, which is the ideal size for most of your home cooking needs. It also includes a reversible slice/shred disc and S-blade for chopping, mixing and pureeing. Cord storage in the back keeps things tidy when not in use.

Easy to use

Disc attachments are reversible and labeled, which takes the guesswork out of processing. The label should face up for the desired function. When using disc attachment, do not process foods past the MAX LEVEL indicator on the bowl.

Many processing options

Between the S-blade and the reversible slicing/shredding disc, you have many choices available. Use the S-blade for chopping nuts, meat, garlic, onions, peppers, celery, herbs,

bread (for crumbs), and crackers. Also, use it to mince/puree vegetables and fruits, mix salad dressings, puree soups or sauces, and to grate cheese. Use the slicing disc (slicing side facing UP) to slice cucumbers, apples, mushrooms, carrots, potatoes, cabbage, tomatoes, pepperoni, peppers, radishes, firm cheeses. Use the shredding disc (shredding side facing UP) to shred cabbage, potatoes, carrots, and cheese.

RECIPE

Fresh and Spicy Salsa

Ingredients

- 1 onion, peeled
- 1 clove garlic
- 1 hot pepper (jalapeno or finger hot), cored, seeded
- 4 tomatoes
- 1/4 cup cilantro, packed
- 1/2 teaspoon cumin
- 1 tablespoon lime juice
- Salt and pepper to taste
- Hot sauce (optional)

Directions

1. Using the S-blade and with the processor running, drop onion, garlic clove and hot pepper through the food chute and chop until finely minced.
2. Add tomatoes, cilantro, cumin, lime juice, salt and pepper. Pulse until desired texture. Add hot sauce if desired

Serves 6 to 8

Dimensions (inches): 15.4 H x 9.55 W x 8.76 D

DETAILS

Whether you are cooking for two or prepping a large family meal, the Hamilton Beach® Stack & Snap™ 10 Cup Food Processor takes the guesswork out of food processing with a simple function guide that shows you which blade to use and which button to press. Designed to be uniquely simple – there's no twisting, turning or locking required when assembling the food processor. Chop, slice, shred, mix and puree just about anything with the powerful 450 Watt motor. You can process soups, sauces, or other liquids without worrying about leaks because the bowl is sealed. The large-capacity bowl holds 10 cups.

This processor has a Big Mouth® feed tube that saves you time by reducing the need for pre-cutting. In-bowl blade storage, cord storage and dishwasher-safe parts make for easy cleaning and storage.

- Simple function guide

Dimensions (inches): 16.1 H x 10.3 W x 9.0 D

DETAILS

All the convenience of a food processor, no difficult twisting and locking.

The Hamilton Beach® Stack & Snap™ 10 Cup Food Processor was designed to be uniquely simple – there's no difficult twisting, turning or locking required when assembling the food

processor. Instead, the bowl fits directly onto the base and the lid clicks securely into place with simple snaps. Chop, slice, shred, mix and puree just about anything with the powerful 450 watt motor. You can process soups, sauces, or other liquids without worrying about leaks because the large capacity 10-cup bowl is sealed. The Big Mouth® feed tube saves you time by reducing the need for pre-cutting.

10-Cup Capacity

With a large, 10 cup capacity you'll be able to slice everything from peppers to cabbage without having to stop to empty the bowl. Because the bowl is sealed, it prevents leaks so you can make dressings and purees without worry.

Easy Assembly

Get processing in a snap with no difficult twisting and locking. With the Stack & Snap™ design, the bowl fits directly onto the base and the lid clicks securely into place with simple snaps.

No More Guesswork

A simple function guide, printed on the front of the food processor, shows you which blade to use and which button to press depending on the desired function.

Large Feed Chute

Fit more in the extra-wide, Big Mouth feed chute. It's great for slicing whole tomatoes, cucumbers, potatoes and more, eliminating the need to pre-cut many foods.

Versatile Processing

The Stack & Snap™ 10 Cup Food Processor includes a reversible disc that slices and shreds and a stainless steel S-blade for chopping, mixing and pureeing. The disc and S-blade, along with the processor's bowl and lid, are dishwasher safe.

Модель 70728. Кухонный комбайн из нержавеющей стали марки Stack & Snap (черный).

FEATURES

- Easy stack & snap assembly
- 3 attachments and 6 functions
- Simple function guide
- 12 cup bowl with pour spout
- Big Mouth® feed tube
- Powerful 450 watt motor
- Dishwasher safe blades, bowl, and lid
- Cord storage

Dimensions (inches): 16.1 H x 8.5 W x 9.1 D

DETAILS

The Hamilton Beach® Stack & Snap™ 12 Cup Food Processor delivers great results without being complicated. It features a unique easy-to-assemble design that snaps into place without difficult twisting and locking. It's versatile and comes with an S-blade to chop and puree and two stainless steel reversible discs for coarse and fine shreds and thick and thin slices. It takes the guesswork out of food processing with a simple function guide that shows you which blade to use and which button to press. The Big Mouth® feed tube fits whole foods to reduce pre-cutting and save you time in the kitchen. This large food processor comes with a 12 cup sealed bowl with pour spout to eliminate leaks and spills when pouring ingredients. This easy-to-use food processor packs plenty of power with its 450 watt motor. A handy cord storage area hides the cord when not in use to reduce countertop clutter. And the blades,

bowl and lid are all dishwasher safe so you don't have to spend a lot of time cleaning up.

Easy stack & snap assembly

This Hamilton Beach food processor features a unique design that requires no difficult twisting and locking, making it very easy to use.

3 attachments and 6 functions

This versatile food processor includes an S-blade for chopping and pureeing and two stainless steel reversible discs for coarse and fine shreds, as well as thick and thin slices.

Simple function guide

Eliminates guesswork by showing you which blade to use and which button to press. This is the best food processor if you're looking for a food processor that's easy to use.

12 cup bowl with pour spout

This large 12 cup food processor comes with a sealed bowl to prevent leaks.

Big mouth® feed tube

Large tube fits whole foods for quick, easy processing, and less pre-cutting.

Модель 70729. Кухонный комбайн марки Stack & Snap (белый).

FEATURES

- Easy stack & snap assembly
- Save prep time with Big Mouth® feed chute
- Versatile processing with 3 attachments
- Large 12 cup sealed bowl with pour spout
- Powerful 450 watt motor
- No guesswork with simple function guide
- Effortless cleanup with dishwasher safe blades, bowl, and lid
- Convenient cord storage

Dimensions (inches): 16.4 H x 8.5 W x 10.3 D

DETAILS

The Hamilton Beach® Stack & Snap™ 12 Cup Food Processor takes the guesswork out of food processing with its easy stack and snap assembly and simple function guide that shows you which blade to use and which button to push. To save you prep time and reduce the need for pre-cutting, the Big Mouth® feed chute fits whole foods such as carrots, potatoes and cucumbers. With its large 12 cup capacity, you'll be able to process larger quantities of food without having to stop to empty the bowl. The versatile stainless steel S-blade chops, mixes and purees, and 2 stainless steel reversible discs are included to allow for thick or thin slices and coarse or fine shredding. The Hamilton Beach Stack & Snap 12 Cup Food Processor comes with a 12 cup sealed bowl with pour spout to eliminate leaks and prevent spills when pouring ingredients and the 450 watt motor provides all the power you need for processing large batches. A handy cord storage area hides the cord when not in use to reduce countertop clutter. For effortless cleanup, the bowl, blades and lid are dishwasher safe. All food zones are BPA-free.

Easy Stack & Snap Assembly

Unique design requires no difficult twist locking. Each piece snaps easily into place.

Save Prep Time with Big Mouth® Feed Chute

You can fit whole foods in the feed chute for quick, easy processing, reducing the need for pre-cutting.

Versatile Processing with 3 Attachments

The versatile stainless steel S-blade chops, mixes and purees, and 2 stainless steel reversible discs are included to allow for thick or thin slices and coarse or fine shredding.

Large 12 Cup Sealed Bowl with Pour Spout

You'll be able to process 12 cups of food without having to stop to empty the bowl. Since the bowl is sealed and has a pour spout, you can make dressings and purees without making a mess.

Powerful 450 Watt motor

Packs plenty of power to process all types of ingredients. Includes 2 speeds plus pulse control.

No Guesswork with Simple Function Guide

The simple function guide on the front of the food processor shows you which blade to use and which button to press.

Effortless Cleanup with Dishwasher Safe Blades, Bowl and Lid

Removable parts are easy to clean and are dishwasher safe. All food zones are BPA-free.

Convenient Cord Storage

A handy cord storage area reduces countertop clutter.

- Chop and puree with the S-blade
 - Knead dough with the dough blade
 - Shred 2 ways with the reversible shredding disc
 - Slice 6 ways with the adjustable slicing blade
 - BPA free in food zones

DETAILS

Slice, shred, chop, puree and more with one versatile food processor.

Make everything from salsas to nut butters with the versatile Hamilton Beach® Stack & Snap™ Food Processor. Fast, easy and quiet to use, this food processor lets you chop, puree, slice, shred and knead dough. It's designed to be uniquely simple: there's no twisting, turning or locking required when assembling it. Instead, it's as easy as stacking the bowl onto the base, then snapping on the lid. The large chute can fit bigger pieces of food, like a whole block of cheddar for a batch of mac 'n cheese. The built-in bowl scraper saves time by

eliminating the need to stop and scrape the bowl during processing, so food always stays close to the blades for even results. You can even process liquids, like soups and vinaigrettes, without worry because the bowl's motor hub is sealed and the lid is lined with silicone to prevent leaking. All attachments are dishwasher safe for easy cleaning.

Slice, Shred, Chop, Puree and Knead

The Stack & Snap™ Food Processor includes versatile attachments like a reversible shredding disc, adjustable slicing disc with 6 settings, an S-blade for pureeing and chopping and a dough blade for kneading dough. It can even make creamy peanut butter in three minutes – twice as fast as leading competitors.

Easy Assembly

Get processing in a snap with no difficult twisting and locking. With the Stack & Snap™ design, assembly is intuitive. The bowl fits directly onto the base and the lid clicks securely into place with a metal locking arm.

Built-In Bowl Scraper

Typically when ingredients build up on the sides of the bowl during processing, you have to disassemble the food processor to mix them back in. The BPA-free bowl has a built-in bowl scraper to save time.

Large Feed Chute

Fit more in the chute – like a whole block of cheese – when using the reversible shredding disc or adjustable slicing disc.

Versatile Processing

Choose from shredding food finely or coarsely with the reversible shredding disc. With the adjustable slicing blade, you can slice six ways in varying thicknesses.

Easy to Use

The convenient paddle switches can be easily flipped up or down even if your hands are messy. A function guide eliminates any guesswork by showing you which blade to use and even which button to press for the results you want.

Clever Storage Case

A convenient case is included to keep attachments organized and safe. It holds the slicing disc, shredding disc and dough blade. It can be stored under base of the food processor or beside it.

Модель 70510. Компактный кухонный комбайн-блендер марки Stack & Snap (черный).

FEATURES

- Versatile and compact - chops, purees, blends, slices and shreds
- 4 cup capacity
- Easy Stack & Snap™ assembly - unique patent-pending design requires no difficult twisting or locking
- Stainless steel quad blade provides superior chopping results and thorough blending
- Reversible slice/shred disc
- Large chute fits whole block of cheese
- Sealed drive shaft prevents leaks and makes cleaning easy
- Sealed lid prevents leaks when processing liquids
- Pour spout for mess-free pouring
- Simple function guide shows you which blade to use

- Dishwasher safe blades, bowl, and lid
- Cord storage
- BPA-free in all food zones

DETAILS

Process and blend foods in a versatile & compact processor.

Make everything from salsas to smoothies with the versatile Hamilton Beach® Stack & Snap™ Compact Food Processor. Fast and easy to use, this perfectly sized food processor lets you chop, puree, blend, slice and shred.

Designed to be uniquely simple, there's no twisting, turning or locking required when assembling the food processor – it's as easy as stacking the bowl onto the base, then snapping on the lid. A function guide eliminates any guesswork by showing you which blade to use and button to press for the results you want. And you can process liquids without worry because the bowl's motor hub is sealed and the lid is lined with silicone to prevent leaking. The large chute can fit bigger pieces of food, saving you prep time. Dishwasher safe parts make for quick cleanup, and the compact size with cord storage makes putting it away a simple step.

Easy Assembly

Get processing in a snap with no difficult twisting and locking. With the Stack & Snap™ design, the bowl fits directly onto the base without any turning and the lid clicks securely into place with simple snaps.

Large Feed Chute

Fit more in the chute– like a whole block of cheese – when using the reversible processing disc for shredding and slicing.

Versatile Processing

Shred cheddar for mac n'cheese, slice apples for a pie, chop vegetables for a salad. Or even blend up your favorite fruit smoothie. It's all possible using the reversible disc and stainless steel quad blades.

Compact Size

The 4-cup bowl is the perfect size for making a single-serve icy drink or chopping up vegetables for a main dish. The compact design makes for quick cleaning and ideal storage.

Great for Smoothies

Make your favorite frozen drinks in the Stack & Snap™ Food Processor. The stainless steel quad blade can thoroughly mix and blend ingredients, including ice. There are no leaks to worry about thanks to the bowl's sealed motor hub and the silicone seal on the lid.

Includes Everything You Need

The Stack & Snap™ Compact Food Processor includes a reversible slice/shred disc and stainless steel quad blade for chopping, blending and pureeing. The two blades, along with the processor's bowl and lid, are dishwasher safe.

Модель 70740. Кухонный комбайн двухскоростной компактного хранения (черный).

FEATURES

- Faster than cutting by hand
 - Fast & versatile - quickly chop onions, slice salad ingredients, shred cabbage, grate cheese, mix sauces, or prepare pesto
 - 2 speeds plus pulse control
 - Stainless steel slice / shred disc & chopping blade
 - Powerful 450 watt motor
 - Lid flips over for compact storage
 - Large feed chute - fits a whole block of cheese to reduce pre-cutting
 - S-Blade for chopping, mixing & pureeing
 - Reversible slice / shred disc
 - Dishwasher safe bowl, lid & blades
- BPA-free in all food zones

Dimensions (inches): 15.57 H x 10.71 W x 8.4 D

Модель 70730. Кухонный комбайн со скребком для чаши из нержавеющей стали (черный).

FEATURES

- Built-in scraper attachment scrapes the sides of the bowl, eliminating the need to stop and remove the lid to scrape with a spatula.
- Scraper works while the processor is on or off, saving time when chopping or pureeing.
- 10 cup capacity
- 2 speeds plus pulse
- Powerful 450 watt motor
- Chopping blade and slicing/shredding disc
- Large feed chute - fits a whole block of cheese to reduce precutting
- Dishwasher-safe bowl, lid & blades
- BPA-free in all food zones

Dimensions (inches): 15.47 H x 10.25 W x 8.43 D

DETAILS

One of the biggest frustrations in food processing is stopping to scrape down the sides of the bowl. It takes time and it's a hassle to keep re-assembling the lid. All this stopping and starting is inefficient, especially when you need to get dinner on the table. With the Hamilton Beach Bowl Scraper Food Processor, you can save time when chopping or pureeing – no need to stop and remove the lid to dislodge food from the side of the bowl. The built-in scraper does the work for you, and you can use it while the processor is on or off for continuous processing.

Large feed chute means less prep work. Are you still pre-cutting all your ingredients? If you're doing that, why bother with a food processor at all? The Hamilton Beach Bowl Scraper Food Processor accommodates both large and small ingredients, so you can spend less time pre-cutting your ingredients and more time enjoying them.

The powerful food processor includes a 10 cup capacity bowl, which is the ideal size for most of your home cooking needs and it includes a reversible slice/shred disc and S-blade for chopping, mixing and pureeing. The BPA-Free bowl is easy to clean and dishwasher safe. Its compact design means it won't take up your entire countertop.

Bowl Scraper

Add the bowl scraper attachment if the ingredients being processed are going to stick to the sides of the bowl to ensure all ingredients are blended thoroughly.

Chopping/Mixing Blade

Use to coarsely chop, grate, mince, mix, or puree food.

Slicing/Shredding Disc

Use the reversible slicing and shredding disc to shred or slice a variety of foods such as cheese, carrots, onions, tomatoes, peppers, and cucumbers. Place the disc with the desired side facing up (SLICE or SHRED is stamped on each side of the blade).

TEST KITCHEN TIPS:

- For a more uniform consistency, start with pieces of food that are similar in size. Cut food into 1-inch (2.5-cm) pieces before processing with the chopping/mixing blade and leave room in the bowl for the food to be tossed around.
- When chopping foods, pulsing on and off will produce the best results.
- Operating time will depend on the quantity of food being processed. Most foods can be sliced, chopped, or shredded in seconds.
- To slice or shred cheese, use firm cheeses like Cheddar or Swiss that have been chilled for at least 30 minutes. Soft cheese like Mozzarella must be placed in the freezer for 30 minutes prior to processing to ensure it is firm enough for shredding.
- All removable parts are top rack dishwasher safe.

Модель 70723. Кухонный комбайн из нержавеющей стали с системой подачи Big Mouth марки Stack & Snap (черный).

FEATURES

- 10 cup capacity
 - Easy stack & snap assembly
 - Unique, patent-pending design requires no difficult twisting & locking
 - No guesswork with simple function guide
 - Function guide shows you which blade to use & which button to press
 - Big Mouth® feed tube fits whole foods
 - Sealed bowl prevents leaks
 - Powerful 450 watt motor
 - Reversible disc slices and shreds
 - S-Blade chops and purees
 - Dishwasher safe blades, bowl, and lid
- Cord storage

Dimensions (inches): 15.4 H x 9.55 W x 8.76 D

DETAILS

All the convenience of a food processor, no difficult twisting and locking.

The Hamilton Beach® Stack & Snap™ 10 Cup Food Processor was designed to be uniquely simple – there's no difficult twisting, turning or locking required when assembling the food processor. Instead, the bowl fits directly onto the base and the lid clicks securely into place with simple snaps. Chop, slice, shred, mix and puree just about anything with the powerful 450 watt motor. You can process soups, sauces, or other liquids without worrying about leaks because the large capacity 10-cup bowl is sealed. The Big Mouth® feed tube saves you time by reducing the need for pre-cutting.

10-Cup Capacity

With a large, 10 cup capacity you'll be able to slice everything from peppers to cabbage without having to stop to empty the bowl. Because the bowl is sealed, it prevents leaks so you can make dressings and purees without worry.

Easy Assembly

Get processing in a snap with no difficult twisting and locking. With the Stack & Snap™ design, the bowl fits directly onto the base and the lid clicks securely into place with simple snaps.

No More Guesswork

A simple function guide, printed on the front of the food processor, shows you which blade to use and which button to press depending on the desired function.

Large Feed Chute

Fit more in the extra-wide, Big Mouth feed chute. It's great for slicing whole tomatoes, cucumbers, potatoes and more, eliminating the need to pre-cut many foods.

Versatile Processing

The Stack & Snap™ 10 Cup Food Processor includes a reversible disc that slices and shreds and a stainless steel S-blade for chopping, mixing and pureeing. The disc and S-blade, along with the processor's bowl and lid, are dishwasher safe.

Модель 70743. Кухонный комбайн-измельчитель со скребком для чаши.

FEATURES

- 8 cup capacity
- Scrapes the sides of the bowl — no spatula needed!
- Chop salsa, puree guacamole, shred cheese & slice vegetables fast
- Built-in scraper saves time— no need to remove lid & use a spatula
- 2 speeds plus pulse control
- Stainless steel slice/shred disc and chopping blade
- Powerful 450 watt motor
- Dishwasher safe parts
- BPA-free in food zones
- Large feed chute fits a whole block of cheese to reduce pre-

cutting

- Pour spout for mess-free pouring
- Convenient cord storage

Dimensions: 14.8 H x 10.5 W x 9.5 D

DETAILS

Power and performance in one versatile food processor.

Loaded with features, the Hamilton Beach 8 Cup Food Processor with Bowl Scraper makes processing food quick and easy. The built-in bowl scraper saves time and helps food stay close to the blades during processing for more even results, without ever having to stop to remove the lid. A large feed chute reduces time spent pre-cutting. 2 speeds plus pulse, paired with an S-blade and reversible stainless steel disc, provides complete control over your ingredients, from mixing pesto to shredding cheese.

Slice, Shred, Chop, Mix and Puree

The food chopper includes a reversible stainless steel disc that slices and shreds and a stainless steel S-blade for chopping, mixing and pureeing. The disc and S-blade, along with the processor's bowl and lid, are dishwasher safe.

Built-In Bowl Scraper

Typically when ingredients build up on the sides of the bowl during processing, you have to disassemble the food processor to mix them back in. The 8-cup BPA-free bowl has a built-in bowl scraper to save time and keep food close to the blades for more even results.

2 Speeds Plus Pulse Control

The 450-watt motor makes it quick and easy to chop salsa, puree guacamole, shred cheese & slice vegetables fast. 2 speeds plus pulse gives you the control you need for a variety of recipes.

Large Feed Shoot

Spend less time pre-cutting fruits, veggies and more thanks to the large feed chute. It can even fit a whole block of cheese.
