Модель 63326. Шестискоростной планетарный миксер (серый).

access

- Nonslip feet

FEATURES

- Same mixing action as KitchenAid® stand mixers*
- Mixing action gives complete bowl coverage
- Powerful 300 Watt motor
- Better mixing than 2-beater stand mixers
- 3 attachments offer mixing versatility
- 6 speeds and special fold setting
- Stainless steel 3.5 quart bowl
- Includes flat beater, whisk and dough hook
- Mixing head spins as it rotates completely inside the bowl
- Tilt-up head lifts out of the way for easy bowl

Dimensions (inches): 11.89 H x 8.66 W x 13.59 D

DETAILS

Hamilton Beach 6 Speed Stand Mixer Product Description The Hamilton Beach Stand Mixer is designed for hands-free mixing for a wide variety of foods ranging from light and airy egg whites to sticky bread dough. A powerful 300 Watt motor is great for everyday mixing and can even handle the thickest cookie dough. Planetary mixing action gives complete bowl coverage - the mixing head spins as it rotates completely inside the bowl, allowing better mixing than traditional 2-beater stand mixers. There's no need to stop and scrape ingredients from the side of the bowl. Six speeds and a special fold setting give you maximum versatility and precise control at every speed. Adding ingredients while preparing a recipe is easy; the head tilts up out of the way for bowl access. Nonslip feet keep the mixer still while in use, and the splatter shield guards against messy drips, drops, and spills. Attachments include a non-stick flat beater, dough hook, and whisk. All attachments, as well as the stainless steel 4-quart mixing bowl, are dishwasher safe for fast cleanup.

- Same mixing action as KitchenAid stand mixers
- Powerful 300 Watt motor
- Mixing action gives complete bowl coverage
- Better mixing than 2-beater stand mixers
- 3 attachments offer mixing versatility to blend, beat, whip, mix, and cream
- Stainless steel 3.5 quart bowl - dishwasher safe
- Mixer head locks down for thorough mixing
- 6 speeds for maximum flexibility
- Special fold setting
- Includes dough hook, whisk, and flat beater

- Hands-free mixing action - mixing head spins as it rotates completely inside the bowl
- Nonslip feet
- Tilt-up head lifts out of the way for easy bowl access

Модель 64651. Шестискоростной планетарный миксер.

FEATURES

- Two in one
- Mix with ease
- Comfort & control
- 4 quart bowl
- Versatile attachments
- Brushed stainless steel design

Dimensions (inches): 14.25 H x 13.25 W x 8.5 D

DETAILS

The Hamilton Beach Classic Stand Mixer lets you determine the best tool for the job. Mixing a batch of sticky cookie dough? Let the stand mixer do the work. Whipping up a quick dressing? Unlock the hand mixer from the base for the fast results you want. A variety of attachments, including classic beaters, whisk, and dough hooks, add to its versatility. Six speeds and QuickBurst™ let you tailor your mixing for anything from perfectly fluffy frosting to bread or pasta dough. 4 quart stainless steel bowl is big enough to mix your favorite recipes while still fitting easily into your refrigerator. Bowl Rest™ stabilizer and Shift & Stir™ bowl add to comfort and ease of use so you can get cooking in no time.

Two in one

Lightweight hand mixer easily detaches from the base of the Hamilton Beach Stand Mixer for extra mixing versatility.

Mix with ease

With 290 watts peak power and 6 adjustable speeds, plus QuickBurst™, you can tailor the stand mixer to take on any task at hand, from a fast whip to a slow stir.

Comfort & control

Bowl Rest™ feature allows the hand mixer to sit on the edge of the bowl to eliminate messy drips. The Shift & Stir™ feature rotates the bowl for thorough mixing.

4 quart bowl

This hand and stand mixer comes with a stainless steel bowl large enough to accommodate your favorite recipes while still fitting comfortably into your dishwasher.

Versatile stand mixer attachments

Kitchen mixer set includes traditional beaters, whisk, and dough hooks.

Модель 63392. Семискоростной планетарный миксер (серый).

FEATURES

- Powerful 300 watt motor
 - Same mixing action as KitchenAid® stand mixers*
 - Mixing action gives complete bowl coverage
 - Offers better mixing than 2-beater stand mixers
 - 3 attachments for mixing versatility – dough hook, whisk and flat beater
 - Dough hook and flat beater are nonstick
 - 4 quart stainless steel bowl with handles
 - Includes splatter shield
 - 7 speeds
 - Tilt-up head
- Handle makes it easier to move and store the mixer
 - Mixing guide

DETAILS

Hands-free mixing with complete bowl coverage

Built for a variety of batters and mixes, this Hamilton Beach Stand Mixer can do everything from whip delicate meringues to mix sticky bread dough. The powerful 300 watt motor can handle the thickest of ingredients, including those peanut butter chocolate chip cookies your family devours. And the best part is, you never have to scrape the bowl or hand-mix at the end – the planetary mixing action rotates the beaters around the entire bowl, for even and complete mixing.

Seven speeds lets you go from a slow stir to a fast mix, with exact control at each one. Plus, a helpful guide at the mixer's top lets you know which speed to use for various mixing methods. Nonslip feet keep the mixer still while in use, and the splatter shield guards against messy drips, drops and spills. Attachments include a flat beater, dough hook and whisk. All attachments, as well as the stainless steel 4-quart mixing bowl, are dishwasher safe for fast cleanup.

Better Mixing Than 2-Beater Stand Mixers

Hands-free mixing means you shouldn't have to manually scrape the bowl, so the Hamilton Beach Stand Mixer was designed with a mixing head that orbits around the bowl as the beater rotates in the opposite direction. This maximizes contact between the bowl and attachment, ensuring complete bowl coverage and better mixing than stand mixers with two beaters.

7 Speeds

An easy-to-use dial gives you complete control over mixing, and with 7 speeds, you'll have a wider range of speeds to choose from, so you can mix to the perfect consistency.

Mixing Guide

No need to be an expert at mixing techniques – a helpful guide at the top of the mixer lets you know which speed to use for methods like folding, beating and more.

Handle for Easy Lifting & Moving

The top handle gives you a better grip on lifting the mixer's head to add ingredients or swap out attachments. When you want to store the stand mixer away, use the same handle for easy moving.

Dough Hook, Whisk and Flat Beater Included

Use the flat beater attachment to mix cakes, cookie dough or fudge. Kneading dough for bread, pizza or cinnamon rolls? Use the dough hook. The whisk is designed to whip liquids, such as egg whites and cream. All three attachments, and the splash shield, are easy to secure and remove, and can be cleaned in the dishwasher.

Модель 63325. Шестискоростной планетарный миксер.

FEATURES

DETAILS

A powerful friend in the kitchen

The Eclectrics Stand Mixer in Licorice fuses all-metal durability with a history of mixing expertise everyone respects. It's designed for hands-free mixing for a wide variety of food, ranging from light and airy egg whites to sticky bread dough. A powerful 400 Watt motor works well for everyday mixing and can handle the thickest cookie dough. Planetary mixing action gives complete bowl coverage — the mixing head spins as it rotates completely inside the bowl, allowing better mixing than traditional 2-beater stand mixers. There's no need to stop and scrape ingredients from the side of the bowl. Twelve settings give you maximum versatility and precise control at every speed. Adding ingredients while preparing a recipe is easy; the head tilts up out of the way for bowl access or you can use the pouring shield to add ingredients. Nonslip feet keep the mixer still while in use, and the splatter shield guards against drips and spills. Attachments include a non-stick flat beater, dough hook and whisk. All attachments, as well as the stainless steel 4.5 quart mixing bowl, are dishwasher safe for fast cleanup.

Easy Cleanup

Easily add ingredients and avoid a mess with the two-piece clear pouring/splatter shield that guards against drips and spills. Use the shield when making thin batters or mixtures that will splash. All the attachments, bowl, and pouring/splatter shield are dishwasher safe. Each mixer is hand finished, then covered with a protective coating to prevent fingerprints and unsightly smudges. The exterior is easily wiped clean with a damp cloth.

Mixing action offers complete bowl coverage

Planetary mixing action means the mixing head orbits around the bowl as the beater rotates in the opposite direction for thorough hands-free mixing of ingredients. This maximizes contact between the bowl and attachment, ensuring complete bowl coverage and better

mixing than stand mixers with two beaters. Save time with this mixer, as there is no need to stop and scrape ingredients from the side of the bowl.

All-metal construction is built to last

This mixer combines the built-to-last metal construction of the past with the look of today to bring lasting quality and style to your kitchen. High-performance electronics provide constant power for consistent mixing at any speed. Enjoy the confidence you have in a product backed by years of experience and a 3-year warranty. Fill your home with the delicious aroma of homemade recipes this appliance helps you create.

Includes attachments for a variety of mixing jobs

Three attachments offer mixing versatility to any job, from blending to whipping. Use the flat beater attachment to mix cakes, cookie dough, fudge, or potatoes. Kneading dough for bread, pizza or cinnamon rolls? Use the dough hook. The whisk is designed to whip liquids, such as egg whites and cream. This mixer is designed to whisk a minimum of 2 large egg whites or 1 cup of cream. With this minimum amount in the bowl, the tip of the whisk is immersed in the liquid, allowing for enhanced mixer performance. All three attachments are easily secured to the shaft with a simple twist.

Модель 63220. Цельнометаллический планетарный миксер марки Eclectrics (серебристый).

FEATURES

- Professional 2-Way Rotating Mixing Action:
 - Mixing head orbits around the bowl as beater rotates in the opposite direction for thorough hands-free mixing of ingredients

Fill your home with the delicious aroma of homemade recipes this appliance helps you create.

Includes attachments for a variety of mixing jobs

Three attachments offer mixing versatility to any job, from blending to whipping. Use the flat beater attachment to mix cakes, cookie dough, fudge, or potatoes. Kneading dough for bread, pizza or cinnamon rolls? Use the dough hook. The whisk is designed to whip liquids, such as egg whites and cream. This mixer is designed to whisk a minimum of 2 large egg whites or 1 cup of cream. With this minimum amount in the bowl, the tip of the whisk is immersed in the liquid, allowing for enhanced mixer performance. All three attachments are easily secured to the shaft with a simple twist.

Модель 64695N. Шестискоростной ручной / стационарный миксер. марки Power Deluxe.

FEATURES

- Doubles as a hand mixer
- Shift & Stir™ bowl
- 275 Watts peak power
- QuickBurst™ button
