### DETAILS

The Hamilton Beach® FlexCut™ Electric Can Opener works 2 ways — it's rechargeable and detaches from the base to open large cans hands-free, or use it on the wide, sturdy base like a traditional can opener. Using the can opener 2 different ways, you can effortlessly open any size can, from 6 oz. up to 120 oz. When detached from the base, the rechargeable, cordless can opener automatically moves itself around the lid to free your hands in the kitchen. The can opener is easy to use and designed to easily align with all size cans to open cans the first time you try. The action lever with cutting blade assembly detaches so cleaning is easy too. The extra-wide, stable charging base reduces tipping and sliding and requires no batteries. The magnetic lid holder securely holds lids in place after opening cans to reduce mess, and the cord neatly stores in the base, eliminating countertop clutter. This can opener is easy on the hands too. It opens large and small cans with just a light touch, making it the perfect can opener for seniors, chefs with delicate hands, or anyone with arthritis or dexterity issues.

#### Cordless & rechargeable

The rechargeable can opener detaches from the base to open larger cans hands-free. It moves itself along the lid while cutting, to open cans up to 120 oz.

#### Use the can opener on the wide

Operate on a sturdy base to open regular-sized cans like a traditional electric can opener. The extra-wide design and sturdy construction reduces tipping and sliding. No batteries required.

#### Effortlessly open any size cans

Opening cans is no longer a chore. This Hamilton Beach can opener quickly and effortlessly opens cans of all sizes — from small 6 oz. tomato paste cans up to extra- large 120 oz. cans.

#### Opens cans the first time

Designed to easily align with all size cans, the electric can opener opens cans the first time

you try with just a light touch. Simply place the can under the guideposts and press the lever.

### **Easy to clean**

The action lever with cutting blade assembly detaches from the automatic can opener for easy cleaning.

### **Reduce mess with magnetic lid holder**

The lid holder securely holds lids in place until you're ready to discard them to reduce mess on the countertop.

### **Less clutter**

The cord stores neatly in the base to reduce countertop clutter.

## DETAILS

### ***Cuts along the side of the can leaving no sharp edges.***

Clear out your drawer full of kitchen gadgets. The Hamilton Beach Smooth Touch Electric Can Opener not only is designed to open both pop-top and regular cans without leaving sharp or jagged edges along the lid, but it also features a built-in knife sharpener and a removable bottle opener. With an extra-tall design, you can easily fit larger cans under the stainless steel, electric cutting blade.

### **Smooth Touch Technology**

Unlike most can openers, the Hamilton Beach Smooth Touch Electric Can Opener is designed so the blade cuts along the side and not into the top of the can. This minimizes the blade's contact with food, prevents splashing or seeping out from the top and creates a mess-free, smooth cut and no sharp edges along the lid.

### **Opens Cans from Small to Large**

This can opener makes quick work out of opening a variety of cans, whether it's a small can of tuna or a large can of veggies.

### **Opens Bottles**

A removable bottle opener slides in and out of the can opener's front, so you always know where to find it.

### **Sharpens Knives**

Quickly sharpen your knife whenever it feels dull. Just turn the unit around to use the sharpener on the back.

### **Ergonomic Design**

The large, push-down lever makes it easy for anyone to operate with one smooth motion. Just hold the lever down until the blade has made a full rotation around the can.

### **Cord Storage**

A cord storage area keeps the cord hidden when you want to put the can opener away.

## **Модель 76501G. Электрический консервный нож марки Walk 'n Cut.**

### **FEATURES**

- Cuts around the lid all by itself — then stops and shuts off automatically
- Opens any size can
- Cordless & rechargeable
- Fits in a drawer
- Removable cutting lever
- Includes adapter for recharging

### **DETAILS**

Never owned an electric can opener, but want more hand power than your manual gadget offers? This Cordless Can Opener is the answer. It "walks" around the can to open it and is small enough to fit in a drawer.

# Модель 76606Z. Электрический консервный нож марки SmoothTouch.

## FEATURES

- Opens pop-top & regular cans
- No more sharp lid edges - cuts can along the side for smooth, touchable lid
- Easy-touch opening lever - a light touch is all that's needed
- Sleek chrome & black design

Dimensions (inches): 10.2 H x 4.67 W x 5.01 D

## DETAILS

Open cans smoothly and easily with the Hamilton Beach® Smooth Touch™ Can Opener. An easy push down lever makes quick work of removing both pop-top and regular cans.

Unlike most can openers, the Hamilton Beach® Smooth Touch™ Can Opener is designed so the blade cuts along the side and not into the top of the can. This minimizes the blades contact with food and prevents splashing or seeping out from the top since the can remains closed until you lift the lid. The result is a mess-free, smooth cut that allows you to remove the top without worrying about sharp edges along the lid.

The large ergonomic lever is easy for anyone to use. Operation requires little grip strength, just hold lever down until the blade has made a full rotation around the can.

With its sleek chrome and black design, this functional can opener blends well with other countertop appliances and makes a classic addition to your home.

## Easy to Use

- **Step 1** - Place can against the front of can opener until rim is under cutting mechanism.
- **Step 2** - Hold the lever down until the can has completed ONE ROTATION ONLY.
- **Step 3** - Remove lid by simply lifting the top of the can off.

## Trusted tools for every busy kitchen.

Hamilton Beach Can Openers take some of the work out of meal preparation. Hamilton Beach Can Openers are made with convenience in mind, so they're always easy to use and even easier to clean.
