DETAILS

The Hamilton Beach® FlexBrew® Trio Coffee Maker lets you brew 3 ways. On the single-serving side, you'll enjoy fast brewing every morning because it brews a single cup in about 90 seconds. The single-serving side lets you brew multiple cups without refilling the 40 oz. water reservoir and provides multiple brewing options. You can brew a single cup with your favorite brand of pod (such as a K-Cup® pod) or brew with ground coffee. Using a pod lets you brew up to 10 oz. of coffee, and brewing with coffee grounds lets you brew up to 14 oz. of coffee into a travel mug. On the carafe side, you can brew up to 12 cups of coffee with your favorite grounds, plus you can set up wake-up ready coffee with Easy-Touch programming and pour yourself a cup before brewing is finished with Auto Pause & Pour. After brewing, coffee stays warm in the carafe for 2 hours, then the power automatically shuts off. No matter how you brew, Select-a-Brew lets you choose bold or regular brewing strengths. Includes a glass carafe, single-serve pod holder, single-serve brew basket and a cup rest with a storage area for either.

3 ways to brew

Brew a cup with a pod or coffee grounds or brew up to 12 cups using your favorite ground coffee. To brew one cup, you have the option of brewing up to a 10 oz. cup with a pod or brewing into 14 oz., 7" tall travel mug with coffee grounds.

Fast brewing — brews a single cup in about 90 seconds

In the morning, every second counts. Unlike 2 way coffee makers of the past, the FlexBrew® Trio Coffee Maker prepares your first cup in about 90 seconds so you have more time to enjoy your coffee.

Brew multiple cups without refilling the 40 oz. Water reservoir

Brew a single cup of coffee without stopping to pour water into the 3 way coffee maker. In addition to its fast brewing, the removable water reservoir saves you time because it needs fewer refills.

Wake-up ready coffee with easy-touch programming

When you brew coffee into the 12 cup coffee maker, you can wake up to hot coffee in the morning by setting up Easy-Touch programming the night before.

Convenient cup rest

The cup rest securely holds a standard-size cup and is removable to let you brew into a 7" tall travel mug. The storage area inside the cup rest holds your choice of the single-serve pod holder or brew basket.

DETAILS

How you brew is up to you.

The flexible design of the Hamilton Beach® FlexBrew® Trio Coffee Maker lets you brew coffee three different ways. On the single-serving side, you have two brewing options: making coffee with your favorite brand of pod (such as a K-Cup® pod) or using ground coffee. Using a pod lets you brew up to 10 oz. of coffee, and brewing with coffee grounds lets you brew any size cup up to a 14 oz., 7-1/4" tall travel mug. When you want 12 cups of coffee, simply fill the water reservoir and brew basket on the carafe side just like you would a traditional coffee maker. You can set up wake-up ready coffee the night before with Easy-Touch programming and pour yourself a cup before the brewing cycle has finished with Automatic Pause and Pour. After brewing, coffee stays warm in the carafe for 2 hours, then the power automatically shuts off. No matter which way you brew, Select-a-Brew lets you choose bold or regular brewing strengths. Included with the Hamilton Beach FlexBrew Trio Coffee Maker is a 12 cup glass carafe, single-serve pod holder, single-serve brew basket and a cup rest with a storage area for either. Compatible with Keurig K-Cup®* pods and other pod brands.

Three Ways to Brew

Brew up to 12 cups using your favorite ground coffee on the carafe side or brew a single serving with a pod or coffee grounds on the other. You can brew up to 10 oz. cup of coffee using a pod, or fill a 14 oz., 7-1/4" tall travel mug when you use coffee grounds.

Brew a Single Cup with a K-Cup® Pod* or Ground Coffee

Brew a cup with a K-Cup®• pod, another pod brand, or ground coffee. The included pod holder and single-serve grounds basket easily handle both options and the cup rest removes so you can brew into a tall travel mug.

Brew a Full Pot of Coffee

Wake up to hot coffee every morning by using Easy-Touch programming. After brewing, coffee stays warm in the carafe for 2 hours and the power automatically shuts off. AutoPause & Pour lets you pour a cup as coffee brews.

Customize Your Brew Strength

Control how strong you want your coffee with Select-a-Brew: regular and bold brewing options.

2 Separate Easy-Fill Water Reservoirs

Each brewing side has its own water reservoir that's easy to fill and features a water window, so you always know exactly how much water to add.

Cup Rest with Storage Area

Securely holds a standard-size cup of coffee and is removable to let you brew into a tall travel mug. Convenient storage area inside the cup rest holds either the single-serve pod holder or brew basket.

Easy Cleaning

The pod-piercing assembly tool removes for easy cleaning to prevent clogging that can sometimes occur with frequent use.

Single-serve coffee, brewed your way.

Make a personal cup of coffee with the Hamilton Beach® FlexBrew® Single-Serve Coffee Maker and enjoy the added flexibility of brewing freshly ground coffee and single-serve packs. With just the lowering of the lid and the press of a button, you can have a single cup of hot coffee, brewed from K-Cup®* pods or your own grounds.

This single-serve coffee maker lets you brew an 8 oz. or 10 oz. cup of coffee using a single pack, or up to a 14 oz. travel mug using grounds. The 40 oz. removable reservoir eliminates the need to refill the coffee maker every time you brew. You can also choose between regular or bold brew strength. A removable cup rest doubles as a storage container to hold the brew basket or single-serve pack holder when not in use. The included grounds basket is reusable, and the single-serve pack-piercing assembly removes for easy cleaning.

Easy To Use

40 oz. Removable Water Reservoir

This water reservoir removes for easy filling and the 40 oz. capacity lets you brew multiple cups of single-serve coffee without the need to refill. The easy-view water window and blue water drop light illuminate when the reservoir needs filling.

Choose Your Coffee for Reorders

Pick your favorite single-serve coffee pods from Amazon's wide variety of brands and flavors.

Start Brewing in a Snap

Whether it's a single-serve pack or your own fresh grounds, just place them in the holder, lower the chrome-plated lid and press brew.

Removable Parts for Cleaning

The pack-piercing assembly tool removes for easy cleaning to prevent clogging that can sometimes occur with frequent use.

Brew With or Without Single-Serve Packs

Whether you're a steadfast pack user or prefer your own grounds, you can do either in the FlexBrew® Single-Serve Coffee Maker. A pack holder and single-serve brew basket are included.

3 Brewing Sizes

Make your own small, medium or large – choose 8 oz., 10 oz. or up to 14 oz. when using grounds. Or select 8 oz. or 10 oz. when using a K-Cup pod.

Choose Your Brew Strength

Get your preferred brew flavor with two brewing strengths – choose from bold or regular.

TEST KITCHEN TIPS FOR MAKING THE BEST-TASTING COFFEE

- All coffees are made from either arabica beans or robusta beans, or some combination of both. Arabica beans are slightly more expensive, but tend to produce a better-tasting coffee.
- Ground coffee will become stale much faster than whole beans. If buying pre-ground coffee, choose a package with the latest expiration date or a smaller quantity. Learn more about how to keep your coffee fresh and store it properly.
- Use approximately 1 TBSP of grounds for each cup of coffee being made. To avoid overflow, use 3/4 TBSP when brewing decaf or flavored coffees.

How you brew is up to you.

The flexible Hamilton Beach® FlexBrew® Trio Coffee Maker lets you brew coffee three different ways. On the single-serving side, you have two brewing options: making coffee with your favorite brand of pod (such as a K-Cup* pod) or using ground coffee. Using a pod lets you brew up to 10 oz. of coffee, and brewing with coffee grounds lets you brew any size cup up to a 14 oz., 7" tall travel mug. When you want 12 cups of coffee, simply fill the water reservoir and brew basket on the carafe side like you would a traditional coffee maker. You can set up wake-up ready coffee the night before with Easy Touch programming and pour a cup before brewing has finished with AutoPause & Pour. After brewing, coffee stays warm in the carafe for 2 hours, then the power automatically shuts off. No matter which way you brew, Select-a-Brew lets you choose bold or regular brewing strengths. Included with the Hamilton Beach FlexBrew Trio Coffee Maker is a 12 cup carafe, single-serve pod holder, single-serve brew basket and a cup rest with a storage area for either. Black stainless steel accents. Compatible with Keurig K-Cup®* pods and other pod brands.

Three Ways to Brew

Brew up to 12 cups using your favorite ground coffee on the carafe side or brew a single

serving with a pod or coffee grounds on the other. You can brew up to 10 oz. cup of coffee using a pod, or fill a 14 oz., 7" tall travel mug when you use coffee grounds.

Brew a Single Cup with a K-Cup® Pod* or Ground Coffee

Brew a cup with a K-Cup®* pod, another pod brand, or ground coffee. The included pod holder and single-serve grounds basket easily handle both options and the cup rest removes so you can brew into a tall travel mug.

Brew a Full Pot of Coffee

Wake up to hot coffee every morning by using Easy-Touch programming. After brewing, coffee stays warm in the carafe for 2 hours and the power automatically shuts off. AutoPause & Pour lets you pour a cup as coffee brews.

Customize Your Brew Strength

Control how strong you want your coffee with Select-a-Brew: regular and bold brewing options.

2 Separate Easy-Fill Water Reservoirs

Each brewing side has its own water reservoir that's easy to fill and features a water window, so you always know exactly how much water to add.

Cup Rest with Storage Area

Securely holds a standard-size cup of coffee and is removable to let you brew into a 7" tall travel mug. Convenient storage area inside the cup rest holds either the single-serve pod holder or brew basket.

Easy Cleaning

The pod-piercing assembly tool removes for easy cleaning to prevent clogging that can sometimes occur with frequent use.
