- 2 hour auto shutoff
- Auto pause & serve
- Nonstick keep-hot plate
- Easy to use and clean
- Large clock display
- Stainless steel accents
- 4 star consumer rated

Dimensions (inches): 13.78 H x 7.87 W x 13.11 D

DETAILS

The Hamilton Beach Ensemble 12 Cup coffee maker makes consistently fresh, flavorful coffee — whether you're brewing a few cups or serving a large group. Attractive, functional and easy to clean, the Hamilton Beach Ensemble 12 Cup coffee maker helps you serve delicious coffee and looks great on your countertop.

Brew up to 12 cups of coffee Brewing options include: Regular, Bold and 1-4 Cups

Glass carafe with drip-free pouring

Auto pause 'n serve

2-hour auto shut-off

Programmable timer for "wake up" coffee

Non-stick hot plate

Oversized clock display

Stainless steel accents

Easy to use and clean

1-year limited warranty

Measures: 8.00"L x 10.75"W x 13.75"H

Модель 40405R. Кувшин для кофе и чая холодного заваривания.

FEATURES

- Cold brew coffee & tea
- 7 liters
- Enjoy less acidic, smooth-tasting cold brew coffee
- Create the perfect coffee drink by adding milk, water, or cream
- Extra-large capacity for 1.7 liters (57.5 oz.) of coffee concentrate
- Durable borosilicate glass pitcher
- Stainless steel infuser
- Add milk, water, or cream for the perfect smooth-tasting, less acidic, rich cold brew coffee
- Extra-large 1.7 liter (57.5 oz.) capacity
- Great for iced coffee or iced tea

Dimensions: 14 H x 7 W x 7 D

DETAILS

Enjoy less acidic, smooth-tasting, more flavorful cold brewed coffee or tea at home with the Hamilton Beach Cold Brew Pitcher. The extra-large capacity of the pitcher makes 1.7 liters (57.5 oz.) of coffee or tea concentrate. Includes durable borosilicate glass pitcher and stainless steel infuser for ground coffee or loose tea. Add milk, water, or cream for the perfect coffee drink! It's easy to use with just three simple steps: 1) fill the pitcher with water, milk, or cream; 2) fill the infuser with coffee or tea; 3) add lid, gently shake pitcher, and place in the refrigerator for 12–36 hours.

Smooth taste every time

Add milk, water, or cream to the cold brew coffee maker for the perfect smooth-tasting, less acidic, rich coffee. Store and mix up an endless variety of perfectly customized beverages.

Extra-large capacity

This cold brew coffee maker's extra-large capacity holds 1.7 liters (57.5 oz.) of coffee or tea for multiple servings.

Durable glass pitcher

The cold brew coffee maker includes a durable, BPA-free borosilicate glass pitcher. Dishwasher safe for easy cleaning.

Stainless steel fine-mesh infuser

This cold brew pitcher includes a stainless steel infuser for ground coffee, loose tea, or fruit-infused water. The fine mesh helps to keep grounds out of your coffee, and the bottom cap removes for fast and easy disposal of coffee grounds.

Great for iced coffee or iced tea

Versatile Cold Brew Coffee Maker brews iced coffee or iced tea in the refrigerator. Compatible with either loose-leaf tea or teabags.

Модель 46240. Программируемая кофеварка с термокувшином на 8 чашек (черная).

FEATURES

- Keeps coffee hot and fresh longer
- Immediate auto shutoff
- Drip-free thermal stainless steel carafe
- 3 brew options & programmable timer
- Auto pause & serve
- Removable brew basket
- Easy-view water window

Dimensions (inches): 12.9 H x 7.86 W X 11.9 D

DETAILS

For hot coffee that tastes fresh hours after you brew it, make the switch to thermal. The Hamilton Beach® 8 Cup Programmable Coffee Maker with Thermal Carafe keeps coffee hot and fresh-tasting longer, thanks to its vacuum-sealed thermal stainless steel carafe. Once you try it, you'll notice the difference every time you brew. Just add fresh ground coffee and water to the Hamilton Beach® 8 Cup Programmable Coffee Maker with Thermal Carafe, then right before you brew, quickly rinse the thermal carafe with hot water. This hot-water-rinsing step doesn't take long, but it makes a big difference in the long run, since it warms up the stainless steel to help it hold coffee's hot temperature longer. And because the thermal stainless steel carafe is insulating your hot coffee without the need for a heating plate, there's no fear of coffee losing its fresh, just-brewed flavor.

Keeps coffee hot & fresh longer

The vacuum-sealed thermal carafe keeps coffee hot and fresh longer. Simply rinse the carafe with hot water right before brewing, which warms up the stainless steel to help coffee hold its temperature.

Immediate auto shutoff

The thermal coffee maker automatically turns off right after brewing, which provides peace of mind and increases energy efficiency.

Drip-free thermal stainless steel carafe

Pour yourself cup after cup of fresh-tasting coffee without messy drips.

3 brew options & programmable timer

This thermal coffee maker has bold, regular and 1-4 cup brewing options to let you tailor coffee to your preference. The programmable timer lets you set wake-up coffee in advance.

Auto pause & serve

Can't wait to pour yourself a cup? The pause & serve feature lets you sneak a cup in the middle of the brew cycle. Brewing resumes after the carafe is replaced.

Модель 49467. Кофеварка с цифровым таймером на 12 чашек.

FEATURES

- Wake up to fresh coffee
- Programmable clock / timer
- 2 hour auto shutoff
- Auto pause & serve
- Water window
- Nonstick hot plate
- Dishwasher safe carafe and brew basket
- Cone-shaped brew basket for great tasting coffee
- Uses a #4 cone-shaped coffee filter
- Simple to program clock / timer - lets you set morning coffee in advance

Dimensions (inches): 14.1 H x 7.92 W x 10.24 D

Модель 49615. Программируемая кофеварка с 3 программами на 12 чашек (черная).

FEATURES

- Customize your taste with 3 brew options—choose from regular, bold, and 1-4 cup options
- Programmable clock / timer
- 2 hour auto shutoff
- Auto pause and serve lets you pour a cup before the brew cycle is complete
- Nonstick hot plate
- Uses a basket-style coffee filter
- Water windows
- Convenient cord storage

DETAILS

Our 12 Cup Programmable Coffee Maker has convenient features for a flawless cup of coffee, along with great styling and stainless steel accents. Three brewing options provide the flexibility you desire for a convenient cup or pot of coffee. This coffee maker also has a programmable clock and timer allowing you to wake up to freshly brewed great-tasting coffee. The two-hour automatic shutoff ensures that you will not leave your coffee maker on all day. This black coffee maker also comes with a pause-and-serve feature that allows you to pour a cup of coffee from the 12 cup carafe while the coffee is still brewing. It also features a nonstick hot plate, which allows for easy cleaning, a basket-style coffee filter and cord storage.

Модель 49465R. Программируемая кофеварка с коническими фильтрами на 12 чашек (черная).

FEATURES

- Programmable clock/timer lets you set morning coffee in advance
- 2-hour auto shutoff
- Water window
- Auto pause & serve lets you pour a cup before the brew cycle is complete
- Cone-shaped brew basket for great-tasting coffee
- Nonstick keep-hot plate resists messy coffee buildup and wipes clean
- Cord storage

Dimensions (inches): 13 H x 8.5 W x 10 D

DETAILS

Wake up to fresh coffee.

Skip the alarm and wake up to the aroma of freshly brewed coffee every morning instead. The Hamilton Beach 12 Cup Programmable Coffee Maker can be programmed up to 24 hours in advance, so you can make sure you never miss your coffee wake-up call. Pour your first cup before the brewing process is done, without compromising taste or creating a mess, with the auto pause and serve feature. The 2-hour automatic shutoff gives you peace of mind. No hand washing is needed - both the carafe and filter basket are top-rack dishwasher safe.

The Cone Filter Advantage

Cone filters allow for better coffee extraction because the shape allows for water to travel more evenly through the coffee. Some basket shaped filters can have dry spots, which could compromise taste. Experience the enhanced taste of cone-filter extraction with the Hamilton Beach® Programmable Thermal Coffee Maker, which also includes a free pack of #4 cone filters.

Programmable to Fit Your Schedule

The digital clock is easy to program and you can set your brew time up to 24 hours in advance. And with 2-hour automatic shutoff, you won't have to wonder if you left the pot on.

Low Maintenance

Forget about messy buildups. The nonstick keep-hot plate resists residue and easily wipes clean. Both the carafe and brew basket are top-rack dishwasher safe.

Auto Pause & Serve

Auto pause & serve lets you grab a cup during the brewing process without any dripping.

Модель 49618. Программируемая кофеварка с коническими фильтрами на 12 чашек (нержавейка).

FEATURES

- 3 brew strength options - regular, bold, and 1-4 cups
- Easy-pour carafe for no-mess pouring
- Sleek stainless steel design
- Cone-shaped brew basket
- Programmable clock/timer
- 2 hour auto shutoff
- Auto pause & serve
- Large, easy-to-use control buttons
- Nonstick keep-hot plate
- Uses a #4 cone-shaped coffee filter
- Easy-view water window
- Dishwasher safe carafe and brew basket

Dimensions (inches): 14 H x 6.75 W x 8.5 D

DETAILS

Help yourself to café-quality coffee every morning. Whether you're brewing coffee for two or making enough coffee for family and friends, the Hamilton Beach® 12 Cup Programmable Coffee Maker is the perfect size and offers many features to fit your brewing needs including three brew strength options, a programmable timer, and a two hour automatic shutoff. This full-size coffeemaker looks great on the counter with a stainless steel design that fits right in with any kitchen. This coffeemaker has a pause and serve feature so you can pour a cup anytime during the brewing process. Removing the carafe automatically pauses the drip so you can get your first cup before the pot is fully brewed. Would you like to wake up to the aroma of fresh coffee every morning? Programming is very simple with the large buttons and display and can be done up to 24 hours in advance which is great for anyone on the go. No hand washing is needed, both the carafe and filter basket are top-rack dishwasher safe.

Модель 49980Z. Двухкомпонентная кофеварка с графином на 12 чашек и заваркой из капсул (нержавейка).

FEATURES

- Two ways to brew—single cup or full 12 cup glass carafe
- Standard-size single-serve side water reservoir for easy, one-time filling
- Carafe-side water reservoir with extra-large capacity and measurement markings
- Single-serve side brew basket comes with a mesh filter to hold ground coffee or pre-packaged soft pods
- Single-serve side multilevel cup rest adjusts/stacks to fit all cup and mug sizes
- Travel Mug not included

Dimensions (inches): 13.9 H x 12.23 W x 11.08 D

DETAILS

For all the coffee drinkers and aficionados who despise the long café lines, dread the overwhelming coffee options or need a fix for those early morning caffeine pains – fear no more! There's finally an affordable, low-maintenance coffeemaker that can brew a basic or premium roast coffee in a fraction of the time and cost as the coffeehouse: The 2-Way Brewer.

With stainless steel durability and twice the brewing options as other leading coffeemakers, the 2-Way Brewer doubles as a compact single-serve coffeemaker for everyday personal enjoyment and a full 12 cup pot machine. Whether it's 7:00 AM or a late-night indulgence, this two-for-the-price-of-one coffeemaker lets coffee drinkers decide the right size to start their day and enjoy the best convenience for their schedule.

Take it to go

If simplifying the morning wake-up routine is top priority, then rise and shine with the single-serve side which can brew a standard-size cup or travel mug-size cup for solo enjoyment. So much in so little space, the Two-Way Brewer provides gourmet service, gourmet options and gourmet appeal at a fraction of the standard price and in a fraction of the traditional space.

2-Way Brewing Options

Whichever way you decide to brew, the 2-Way Brewer lets you do both. The single-serve side lets you add grinds directly into the mesh filter that fits the brew basket or insert a soft pod with the pod holder. On days you want to enjoy cup-after-cup without brewing each time, the carafe-side makes a full 12 cup pot.

Brew in Advance and Wake Up to Hot Coffee

Want to sleep in for five more minutes? Go ahead, get some more beauty sleep and take advantage of the built-in, programmable clock and timer. Its hour and minute features let you program your ideal coffee-drinking time up to 24 hours in advance.

Single-Serve Brew Function

With the mesh filter that's included, adding your flavored, decaf or premium roast brand coffee grinds couldn't be easier. Just remember that more isn't always necessarily better in this case; use slightly less coffee grinds to avoid overflow and weaker-tasting coffee.

Brewing with Soft Pods

No time for measuring or scooping? Prefer the convenience of quickly dropping in a pre-packaged, pre-flavored pod? The Two-Way Brewer is designed with a pod holder that brews any brand of soft pod coffee and still gives coffee drinkers the complete sensory experience of tasting freshly ground coffee, without the hassle of messy grinds or exact measuring. Equipped with a Brew Strength Selector, you can choose whether you'd like your coffee REGULAR or BOLD.

Test Kitchen Tips

- Remember, the 2-Way Brewer unit will only brew one side at a time. For a particular preference, simply switch the lever left or right.
- Any soft pod coffee brand, available in the coffee aisle of your local grocery store, or any loose coffee grounds can be used. The 2-Way Brewer is not compatible with the K-Cup® pack*.
- When in doubt about coffee ground freshness, look for a "use by" date on the package or follow the online recommendations of your coffee brand.
- To avoid overflow of ground coffee, use slightly less coffee when brewing decaf or flavored brands.
- For hotter coffee on the go, first rinse your travel mug with warm water.
- First, warm milk or cream before adding it to coffee to ensure the hottest cup.

Keep It Fresh

There are four factors that can dramatically reduce a coffee's freshness— learn how to keep it fresh with more tips from our Test Kitchen.

Модель 49982. Кофеварка на 12 чашек и краном горячей воды (нержавейка).

FEATURES

- Make coffee & dispense hot water at the same time
- Program both sides independently of each other
- One-hand hot water dispensing
- 12 cup coffee maker
- Cone filter for better taste
- Free #4 cone filters included

DETAILS

Simplify your morning.

Whether you're getting breakfast ready for the family or pouring yourself a cup, the Hamilton Beach® Coffee Maker & Hot Water Dispenser can help you streamline the morning rush. That's because it's two appliances in one – a 12 cup coffee maker and a hot water dispenser. Separate water reservoirs means the two sides operate independently of each other, so you can brew a pot of coffee while using the one-hand hot water dispenser to make tea, cocoa or instant cereals. Both sides can be programmed up to 24 hours in advance, and the 2-hour automatic shutoff makes for one less thing to worry about as you're heading out the door. Programmable to fit your schedule, flexible to fit your needs ... now that's Good Thinking.

The Cone Filter Advantage

Cone filters allow for better coffee extraction because the shape allows for water to travel more evenly through the coffee. Some basket shaped filters can have dry spots, which could compromise taste. Experience the enhanced taste of cone-filter extraction with the Hamilton Beach® Coffee Maker & Hot Water Dispenser, which also includes a free pack of #4 cone filters.

Brew Coffee & Heat Water At Once

Save time in the morning with two appliances in one. Make up to 12 cups of fresh coffee while heating up water for tea and hot cereals at the same time.

Programmable For Your Schedule

Want your coffee ready before you make oatmeal? No problem. Both the coffee maker and the hot water dispenser have separate, easy programming options.

Large 32 oz. Water Capacity

Make multiple cups of tea or large servings of oatmeal without having to refill the tank. At 32 oz., the hot water dispenser's capacity is twice as big as similar products but still heats up in under five minutes.

12 Cup Coffee Maker

- Programmable for wake-up coffee
- Cone filter for better taste
- Regular or bold brew strength
- Automatic pause & serve
- Automatic shutoff

One-Hand Hot Water Dispenser

- Large 32 oz. capacity
- Easy to dispense with one hand
- Programmable
- Perfect for tea, hot cocoa, or instant cereal
- Ready light
- Automatic shutoff

Модель 40400R. Кофеварка френч-пресс с насадками для какао (черная).

FEATURES

- Makes great-tasting hot coffee
- Great value! Make coffee, cocoa, and tea with a single product
- Cocoa attachment mixes frothy hot or cold chocolate drinks
- Also perfect for steeping tea leaves or bags
- Easy preparation without complicated programming, electricity, or filters
- 1 liter glass pitcher with water level marks
- All parts are dishwasher safe

DETAILS

Makes flavorful hot coffee, tea and cocoa

The pressing method is able to yield exceptionally flavorful coffee because coffee's natural oils are not filtered out. You'll taste every nuance of coffee's rich, complex flavor with the Hamilton Beach French Press. With none of the complicated programming, electricity or paper filters of the other methods, a French Press is a great addition to every coffee lover's kitchen.

Special Attachment for Hot Cocoa

With the Hamilton Beach French Press, not only can you prepare hot coffee and tea, you have the added benefit of frothing hot cocoa. That's because in addition to its primary coffee and tea functionality, the Hamilton Beach French Press comes with a frothing attachment for mixing hot cocoa. Now adults and children alike can enjoy their favorite delicious hot beverage from the comfort of home.

Designed for Performance

The Hamilton Beach French Press comes with everything you need to make coffee, tea and cocoa. Its elegant glass pitcher has water level marks for easy measuring and its comfortable handle makes pouring easy. Even better, there's no messy electrical cord to contend with, so the Hamilton Beach French Press is an elegant addition to your breakfast table as well as an excellent camping companion.

How to Press Coffee

Pressing coffee is easy, once you learn how. To make it, you need coarsely ground coffee and a source for hot water, such as a teakettle. Measure 1 tablespoon of coffee grounds for every 4 ounces (118ml) of water, or add more if you like bold coffee. Your hot water should be "just

off the boil," or between 195°-205°F or 91°-96°C. After adding hot water to the press, let it steep for 3 to 4 minutes before you press it. After that, you can sit down and enjoy one of the best-tasting cups of coffee you've ever had.

Модель 40406. Заливная стеклянная кофеварка-кувшин.

FEATURES

- 17 ounces*
- Brew rich, flavorful coffee exactly how you like it
- Double-wall carafe keeps coffee hot

- Simple to Use - doesn't use K-Cup(R)* pods or paper filters
- Great Tasting - brews coffee at a high temperature
- Fast - brews up to 14 oz of fresh coffee in minutes
- Adjustable stand lets you brew into coffee cups or travel mugs+
- Bold & Regular Brew Strength options
- Immediate automatic shutoff
- Dishwasher safe stainless steel scoop included
- Durable stainless steel construction

Allowing for Various Coffee Grind Types The Scoop® Coffeemaker doesn't need pre-packaged K-Cup® packs or coffee pods, which can get expensive, and not to mention stale, over time. Instead, it comes with a mesh scoop filter that gives users the choice of any flavor (caramel, hazelnut, vanilla, etc), any brand (Starbucks™, Dunkin Donuts™, etc.) and any strength (Regular or Bold) pleasing to their taste.

Differing Boldness Levels With The Scoop® Coffeemaker, versatility is key. Whether you decide to go with a mainstream brand coffee or stronger premium-brand coffee, you need a machine that understands and quickly adapts. Use the REGULAR setting for a quick basic, automatic drip coffee, or get an upgrade and choose BOLD for more fine grinds, decaf or stronger flavors premium-brand coffee like Starbucks™ or Melitta™. Just remember that the finer the grind, the longer it takes to brew. For bolder coffee, the water passes through at a slower rate, but allows more contact time and better flavor extraction for a better-tasting cup when done brewing.

Measuring Proportions Appropriately Not sure how much coffee to add when brewing? No worries — each scoop filter is labeled with two measuring lines for exact serving amounts. And more isn't necessarily better, in this case. Overfilling the scoop doesn't allow room for brewing and water can overflow and spill over, ultimately meaning weaker coffee.

Adjusting the Cup Size Before brewing, adjust the L-shaped cup rest to make sure your cup is as close to the dispensing nozzle as possible. For travel mugs, fit the cup rest against the coffeemaker and place your mug on top of the drip tray.

Easy Dishwasher Cleanup Unlike leading coffeemakers with confusing attachments and high-tech buttons, The Scoop® Coffeemaker has only three removable parts—a scoop filter, a secondary filter and a cup rest—and all are dishwasher safe. For consistent trouble-free maintenance, it should be cleaned internally once a month, by pouring ½ cup plain white vinegar and ½ cup cold water into the water reservoir, brewing and then running 2 to 3 cycles of cold tap water before making coffee.

Award-Winning Design The Scoop® Coffeemaker was awarded the "2012 Good Housekeeping Very Innovative Products (VIP) Award" by Good Housekeeping Research Institute. In addition, the Industrial Designers Society of America (IDSA) gave it high rankings for its ability to use coffee grinds, instead of packs or pods, and simultaneously give users the freedom to choose their own flavor, strength and cup size for their coffee.

TIPS & CARE

Run one or two cycles through the machine before first use. When one cycle is complete, the coffeemaker automatically shuts off. When grinding your own coffee beans, remember to purchase beans that were recently roasted (within a week is best), and grind them every time you brew a fresh cup. When brewing, keep ground coffee below the MAX fill line and do not use more than 14 ounces (410 ml) of water. To stop brewing mid-cycle, press either REGULAR or BOLD, and the unit will shut off. If there is no water in the water reservoir and a brew button is pushed, the unit will not brew.

K-Cup® pack, Starbucks™, Melitta® and Dunkin Donuts™ are registered trademarks of their respective owners and are not affiliated with Hamilton Beach Brands, Inc. and use of these trademarks does not imply affiliation with or endorsement by their respective trademark owners.

Note: Stainless steel travel mug is not included.

Dimensions (inches): 8.67 H x 9.75 W x 8.35 D

Модель 49981. Кофеварка на одну порцию марки Scoop (нержавейка).

FEATURES

- Costs pennies per cup, compared to leading competitors' single-size packs
- Proportions coffee exactly with single-serve scoop filter
- Brews an 8 oz. cup of coffee in less than 90 seconds
- Built-in adjustable stand holds standard-size cup and taller travel mugs
- One steel mesh scoop filter included; no need for paper filters
- Wide drip tray on base acts as a spill-resistant drain for excess coffee
- Settings for REGULAR (automatic drip) and BOLD coffee
- Durable, stainless steel features ensure coffeemaker's longevity
- Automatically shuts off after brewing

Dimensions (inches): 8.67 H x 6.7 W x 8.35 D

Модель 49316R. Кофеварка на 12 чашек.

FEATURES

- First cup convenience—pause & serve function lets you pour a cup while coffee is brewing
- Cone-shaped filter basket extracts coffee's rich, complex flavor
- Large water window for fast, easy filling
- Non-stick warmer plate
- Lighted "On" button
- Cord storage
- Dishwasher safe filter basket & carafe

Dimensions (inches): 13 H x 8.5 W x 10 D

Модель 46207. Капельная кофеварка на 12 чашек со съемным резервуаром.

FEATURES

- Front-fill brew basket for easy filling, also removes for easy cleaning
- Removable water reservoir with easy grip handle
- Auto shutoff for peace of mind
- Programmable for wake-up ready coffee
- Adjustable temperature warming plate
- Easy to view & use top controls
- Drip-free carafe makes pouring clean & simple
- 3 brew options: regular, bold & small capacity
- Auto pause & serve
- Auto clean notification & self-clean cycle keeps coffee maker

in top condition

- Time-since brewed indicator for freshness

Модель 46300. Программируемая кофеварка на 12 чашек со съемным резервуаром для воды (черная).

FEATURES

- Easy filling with front-access water reservoir & brew 12 cup capacity
- Programmable clock with 2 hour automatic shutoff
- Bold, regular & 1-4 cup brewing options
- Automatic pause & serve
- Cleaning cycle reminder
- Easy-view water window
- Nonstick warming plate
- Swing-out brew basket is easy to fill
- No-mess pouring
- On/off light
- Fits Hamilton Beach® 80674R water filter (sold separately)

Dimensions (inches): 13.9 H x 7.95 W X 12.91 D

DETAILS

Front-access for easy filling ... now that's Good Thinking.

Finally, a coffee maker that can stay tucked under a cabinet when in use. With front access to the water reservoir and brew basket, the Hamilton Beach® Programmable Easy Access Coffee Maker puts an end to the back and forth maneuvering of a countertop coffee maker. Now you can fill the water tank from the front of the machine, instead of the back. The swing-out brew basket is easier to fill and keep clean than a top-load basket. Plus with an automatic, optional cleaning cycle reminder, you can ensure your machine is brewing the best tasting coffee. With its compact design, this coffee maker takes up less space but still makes up to 12 cups.

Easily Add Water From The Front

Don't move your coffee maker an inch – just flip the front lid up to fill the water reservoir. While you can fill the tank up to 12 cups, the 1-4 cup option optimizes the brew cycle for smaller servings.

Swing-Out Brew Basket

The brew basket is easy to access from the front. It swivels out quickly and the basket holder is minimally designed for easy cleaning.

Programmable Clock

The programmable clock not only lets you set your brew time and strength in advance, it also gives peace of mind with a 2-hour automatic shutoff. And if the unit is always plugged in, you'll get a cleaning reminder after 30 cycles.

Модель 46310. Программируемая кофеварка на 12 чашек со съемным резервуаром для воды и откидной корзиной (черная).

Модель 40616. Кофейный перколятор на 12 чашек с жаростойкой ручкой (нержавейка).

FEATURES

- Gentle keep warm
- Hot, flavorful coffee fast - brews 12 cups in less than a minute per cup
- Drip-free spout for easy pouring
- Cord-free serving
- Detachable cord for tabletop serving and easy storage
- Cool-touch handle
- Includes measurement marks for easy filling
- Stainless steel permanent filter basket
- Ready-to-serve light indicates coffee is ready and gentle keep warm has begun

Dimensions (inches): 12.58 H x 9.46 W x 5.28 D

DETAILS

Experience the taste of bold, flavorful coffee with the Hamilton Beach Stainless Steel 12 Cup Percolator. Before single serve and automatic drip coffee makers, there was the percolator. Remember the perking sounds of freshly brewing coffee? Better yet, how about the bold, hot coffee it produced? Coffee brewed in the Hamilton Beach Stainless Steel 12 Cup Percolator is still just as satisfying but takes a lot less time to brew than the percolators of old. This attractive stainless steel percolator stays hot with a gentle keep warm heater. It also has a detachable cord for tabletop serving, cool touch handle and no drip spout for easy pouring. A ready-to-serve light takes the guesswork out of when it's done. The light indicates brewing is complete and keep hot mode has started.
